We have certificates from Louisiana and Texas to ship anything we have grown, by Freight, Express or Parcel Post, to July, 1922.

We dig all stock after we receive the order; puddle the roots in mud and box or bale in wet moss. We do our best to get them to destination in perfect condition.

Send Cash in registered letter, Money Orders or Checks.

Do not send Postage Stamps; only the small cuttings and young seedlings can be sent by Parcel Post.

We recommend Express as the best way to ship trees. Do not ask us for roses. We aim to have a full stock of them next season.

We will appreciate your patronage.

ASPARAGUS PLUMOSUS .....	10c each
AZALEA (Wild Honeysuckle) .....	25c each
BAMBOO, Wild Switch Cane .....	25c each
CALADIUM, Fancy Leaf; grows one foot high; grows in shade. They like a very light, sandy soil. We do not ship these before April. They are the most beautiful foliage plant we have. They are my favorite pot or bedding plant. There is no use in plant- ing them until winter is well on the wane. We have a very fine collection of mixed colors. They have two, three and four colors in one leaf. We sell them according to size of bulb.....25c, 35c and 50c each

Write us about any tree or shrub or anything you wish to know. Sometimes one would like to find some old-fashioned shrub or flower that grew at the old home-stead or in Grandma's garden. Possibly we may be in position to tell you where you can get it.

We spend all of our time among the trees and flowers. If you love trees and flowers we would like to hear from you.

Faithfully yours,  
 SAM STOKES & SON,  
 Lecompte, La.
